O₂ QuickstickTM

A Simple Solution for Every Nitrox Diver

The O₂ QuickstickTM is the first Diver Friendly oxygen analyzer available anywhere! Easy to use ...effective... and amazingly affordable! The O₂ QuickstickTM is designed for the nitrox diver who wants the security and convenience of having his own O₂ analyzer and doesn't want to pay a small fortune to own one. Operating the O₂ Quickstick is as simple as pointing at the tank valve and "shooting" with only one hand needed! There are no switches to fail and the replaceable thermally compensated sensor maintains accuracy levels that exceed dive industry standards. The unit is totally O-ring sealed for excellent water resistance...and at one of the lowest priced consumer analyzers on the market, you won't be able to resist buying it!
