

## Quincy 325 Diesel or Electric

Industry leader Quincy 325 Low Pressure Compressor with loadless start and head unloaders. This package can be built with the Yanmar or Kohler 10hp Air Cooled Diesel, Honda 13 HP Gas or a WEG 5hp electric motor.

The package has a 1 gallon surge tank, over pressure valve, drain valve, large air after cooler (diesel versions), check valve, gate valves and plumbing. The frame is made with 6061 aluminum and has an enclosed bottom, lifting eyes, hinged handles, and wheels that make it easy to wheel on and off the job. All equipment is inset; compressor and motor have independent vibration absorption mounts and are mounted on an Aluminum Plate.
